

LIFEVAC EUROPE LTD

- LifeVac is a non-invasive, portable airway clearance device.
- Interchangeable sized masks, clearly identified by colour coded rings.
- No risk of pushing the tongue or obstruction back in a panic situation.
- No risk of oral damage.
- Generates over 326mm Hg of suction, safely and effectively dislodging the obstruction.
- Can be used for full and partial obstructions.
- Saved many lives around the world from choking to death.
- **Only** airway clearance device with independent medical testing, peer reviewed medical publications, peer reviewed abstracts proving safety, effectiveness and lives saved.
- Comes in three different variations, Standard Home LifeVac Kit, EMS LifeVac Kit and Wall mounted LifeVac Kit.
- LifeVac is FDA registered, MHRA registered as a class one medical device and CE accredited.

❖ Easy to hold handle for secure grip.

- LifeVac is equipped in over 1850 care and nursing homes across the UK.

❖ Translucent bellows, makes it easy to identify if the obstruction enters this area.

❖ One-way valve prevents any air being expelled through interchangeable sized masks.

❖ Interchangeable sized masks to fit a casualties facial features, as one size does not fit all.
